

HARVEY NICHOLS' KNIGHTSBRIDGE SPA

774 Customers at Harvey Nichols in London's Knightsbridge can now pick up a chemical peel, teeth whitening treatment or Botox injection with their shopping in the store's first medispa. Beyond Spa, on the fourth floor, is overseen by US plastic surgeon and founder of the pH Advantage line of skincare, Dr. Barry Cohen and houses dermatologists, physicians and medical aestheticians.

Operating from five treatment rooms the Beyond Spa team will offer full consultations and use multi-spectral imaging and analysis technology for facial rejuvenation and skincare regimes. Among the cosmetic services available are microdermabrasion, laser skincare treatments, intense pulse light therapies, collagen stimulation and Restalyne and Botox injections. For bookings tel: 020 7201 8595.
